DETAILED ACTION

The amendment filed 03/22/04 is acknowledged.

Claims 1-11,19,21 and 24 are cancelled.

Allowable Subject Matter

Claims 12-18,20,22-23,25-34 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance in the claims is the applicant's modification of claims 12, 18, 25 and 31 to include subject matter indicated as allowable in the previous office action.

The prior art of record does not disclose a substantially constant internal cross-section chassis element defining an air passage with a vehicle component disposed inside the chassis element positioned so that air passes the component wherein the engine is disposed forward of the chassis element as disclosed by the applicant. A combination of these and other limitations have not been reasonably disclosed in the prior art.

With regards to claim 18 and 31 the prior art of record does not disclose a gearbox disposed in the tubular vehicle chassis, of the applicant's invention as described above.
